

Support Gospel Broadcasting

China's Internet popularity rate has been rising rapidly. Many rural youth generation left for city to work. They have more opportunity to know about internet. Network Broadcasting has advantages for them.

1. Network gospel broadcasting can help internet users hear gospel message on web anytime.
2. Network gospel broadcasting can provide download files and text notes for spiritual training to the believers.
3. To provide the blog and message board for listeners to response and communicate with the host.

'I may make the gospel of Christ without charge' (Corinthians 9:18)

The outcome of network gospel broadcasting is everlasting and far-reaching.

We appeal to each church, brothers and sisters, to donate for support/
To get the opportunity for our compatriots to hear gospel.
